

Concerning the recycled content of the products manufactured at Allied Tube & Conduit, we offer the following information for:

- **LEED for New Construction v2.2 Registered Project Checklist, Materials & Resources, Credit 2.1, 2.2 Construction Waste Management, Credit 4.1, 4.2 Recycled Content and Credit 5.1 and 5.2 Regional Materials.**
- **LEED for Schools 2007 Registered Project Checklist, Materials & Resources, Credit 2.1 & 2.2 Construction Waste Management, Credit 4.1, 4.2 Recycled Content and Credit 5.1 and 5.2 Regional Materials.**
- **LEED for Commercial Interiors v2.0 Registered Project Checklist, Materials & Resources, Credit 2.1, 2.2 Construction Waste Management, Credit 4.1, 4.2 Recycled Content and Credit 5.1 and 5.2 Regional Materials.**

Allied Tube & Conduit product uses both Basic Oxygen Furnace (BOF) and Electric Arc Furnace (EAF) in its products. Both are positive net contributors to Materials & Resources Credits 4.1, 4.2 Recycled Content 10% and 20% goals. (1 point each)

More information may be found at <http://www.recycle-steel.org/PDFs/leed/LEEDMAR09.pdf>

100% of our product is recyclable; therefore, scrap produced during construction is diverted from landfills; Materials & Resources, Credit 2.1, 2.2 Construction Waste Management. (1 Point each)

Total recycled content material of our product is 65% thereby reducing impacts resulting from extraction and processing of new virgin materials. Using Steel building products will contribute positively towards points under Materials & Resources Credits 4.1 and 4.2

Actual percentages may change due to the mix of EAF and BOF material purchases for our products, but at no time will the recycled content be less than those stated for BOF mills.

Materials & Resources Credit 5.1, 5.2 Regional Materials, manufacturing locations
Allied Tube & Conduit Corp. Mill locations:

1. 16100 South Lathrop Avenue
Harvey, IL 60426
2. 11350 Norcom Rd.
Philadelphia, PA 19154
3. 2525 N 27th Ave
Phoenix, AZ 85009
4. 600 Dean Sievers Pl
Morrisville, PA 19067

It would be my pleasure to guide you through your specific Registered Project Checklist and help you with your determinations.

Best regards,

Todd Comand
